

WHO WE ARE ! . . . . .

BePharBel Manufacturing is a niche Belgian CDMO specializing in **small-molecule dosage form (re)formulation and manufacturing** for human and veterinary use.

END-TO-END SERVICES . . . . .

Our single-site EU-GMP facility provides a fully integrated solution for **mid-scale production batches of sterile and non-sterile dosage forms**—covering every step from formulation to commercial launch.

DOSAGE FORMS FOR EXPORT . . . . .

## WHAT SETS US APART

### EXPORT FOCUS

- EU-Canada MRA\* in place
- New Annex 1 - certified
- Reduced transfer risks with a single-site facility
- In-house R&D lab support
- Export-ready formats
- Strategic EU location
- Proven Canadian track record

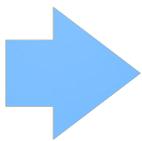

\* MRA = Mutual Recognition Agreement regarding EU-GMP compliance

- Direct access to decision-makers
- Operational flexibility

### PARTNER DRIVEN

### LONG TERM COMMITMENT

- Transparent communication
- Stable governance, free from short-term investor pressure

**LOOKING TO TRANSFER YOUR PRODUCTION,  
SCALE UP OR ENTER  
THE EUROPEAN MARKET ?**

LET'S BUILD A SUSTAINABLE PARTNERSHIP.
